PLANNING STATEMENT

BARCLAYS BANK HAYLING ISLAND

22 ELM GROVE, HAYLING ISLAND, HAMPSHIRE PO11 9EF

The Barclays Bank in Hayling Island is situated within a small parade of shops on Elm Grove.

The proposed signage is to install a champagne fascia panel sign, with internally illuminated letters, above the shopfront to match with the parade of other shops.

The fascia sign will be internally illuminated at 300cd/m. The fascia panel is 620mm high and 60mm deep. The maximum height of the lettering will be 332mm and the height of the Barclays symbol will be 465mm.

The Barclays' text and eagle are in the traditional Barclays cyan blue colour whilst the fascia panel is champagne with a total length of 4617mm.

The proposed projecting sign is 770mm in diameter and has a maximum projection of 865mm. This sign will also be internally illuminated at 300cd/m. This will be installed in the same location as the existing, approximately 4m from ground level.

The existing painted fascia sign on the canopy will be painted over white.

The drawings attached with the application clearly indicate the details and position of the two proposed signs.
