Southern Gas Networks - Overbuild Advisory Note

There are a number of risks created by built over gas mains and services; these are:

 - Pipework loading - pipes are at risk from loads applied by the new structure and are more susceptible to interference damage.
 - Gas entry into buildings - pipework proximity increases risk of gas entry in buildings. Leaks arising from previous external pipework able to track directly into main building from unsealed entry.
 - Occupier safety - lack or no fire resistance of pipework, fittings, or meter installation. Means of escape could be impeded by an enclosed meter.

Please note therefore, if you plan to dig, or carry out building work to a property, site, or public highway within our gas network, you must:

1. Check your proposals against the information held at <https://www.linesearchbeforeudig.co.uk/> to assess any risk associated with your development and
2. Contact our Plant Protection team to let them know. Plant location enquiries must be made via email, but you can phone us with general plant protection queries. See our contact details below:

Phone 0800 912 1722 / Email plantlocation@sgn.co.uk

In the event of an overbuild on our gas network, the pipework must be altered, you may be temporarily disconnected, and your insurance may be invalidated.

(3) **Important:**

Whilst HCC Highways Development Planning has no objection in principle to the proposed extension of the existing dropped kerb, the developer should be made aware that subject to any planning permission that may be granted by the Local Planning Authority, a subsequent permission will need to be granted by HCC as Highways Authority to undertake the dropped kerb and verge works on the highway. - If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of service of the enforcement notice, or within 6 months [12 weeks in the case of a householder appeal] of the date of this notice, whichever period expires earlier.
