Application for tree works: works to trees subject to a tree preservation order (TPO) and/or notification of proposed works to trees in a conservation area.

Town and Country Planning Act 1990

Publication of applications on planning authority websites.

Please note that the information provided on this application form and in supporting documents may be published on the Authority's website. If you require any further clarification, please contact the Authority's planning department.

1. Trees Location

Number	35
Suffix	
Property name	
Address line 1	Victoria Avenue
Address line 2	
Address line 3	
Town/city	Hayling Island
Postcode	PO11 9AJ

If the location is unclear or there is not a full postal address, describe as clearly as possible where it is (for example, 'Land to rear of 12 to 18 High Street' or 'Woodland adjoining Elm Road')

Easting (x)	471875
Northing (y)	99015

Description

2. Applicant Details

Title	Mr
First name	Richard
Surname	Butler
Company name	
Address line 1	35, Victoria Avenue
Address line 2	
Address line 3	

2. Applicant Details

Town/city	Hayling Island
Country	
Postcode	PO11 9AJ

Are you an agent acting on behalf of the applicant? ○ Yes ◉ No

Primary number	
Secondary number	
Fax number	
Email address	

3. Agent Details

No Agent details were submitted for this application

4. What Are You Applying For?

Based on the type of work proposed and the location and protected status of the trees involved, there are various details and supporting information that will need to be supplied in order for the Local Planning Authority to determine the application.

Are you seeking consent for works to tree(s) subject to a Tree Preservation Order? ◉ Yes ○ No

Do you know the Tree Preservation Order reference number(s) ◉ Yes ○ No

Please enter the title or number for each relevant Tree Preservation Order

Havant Borough Council TPO 1870

For works to trees covered by a TPO

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application MUST be accompanied by the necessary evidence to support your proposals (see guidance notes for further details).

1. Condition of the tree(s) - e.g. it is diseased or you have fears that it might break or fall ◉ Yes ○ No

If Yes, you are required to provide written arboricultural advice or other diagnostic information from an appropriate expert.

2. Alleged damage to property - e.g. subsidence or damage to drains or drives. ◉ Yes ○ No

If Yes, you are required to provide for:

- Subsidence: A report by an engineer or surveyor (to include a description of damage, vegetation, monitoring data, soil, roots and repair proposals) and a report from an arboriculturist to support the tree work proposals.

- Other structural damage (e.g. drains walls and hard surfaces): Written technical evidence from an appropriate expert, including description of damage and possible solutions.

Are you wishing to carry out works to tree(s) in a conservation area? ○ Yes ◉ No

Documents and plans (for any tree)

A sketch plan clearly showing the position of trees listed in the question 'Identification of Tree(s) and Description of Works' MUST be provided when applying for works to trees covered by a Tree Preservation Order. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes).

It would also be helpful if you provided details of any advice given on site by an LPA officer.

Are you providing additional information in support of your application (e.g. an additional schedule of work for question 'Identification of Tree(s) and Description of Works')? ◉ Yes ○ No

If Yes, please provide the reference numbers of plans, documents, professional reports, photographs etc in support of your application

photographs with relevant TPO tree reference numbers

5. Identification of Tree(s) and Description of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out.

You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work.

Where trees are protected by a Tree Preservation Order, please number them as shown in the First Schedule to the Tree Preservation Order where this is available. You should use the same numbering on your sketch plan (see help for sketch plan requirements).

Please provide the following information:
- Tree species
- The number used on the sketch plan); and
- A description of the proposed works.

Where trees are protected by a Tree Preservation Order you must also provide:
- Reasons for the work; and where trees are being felled
- Proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

e.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with one standard ash in same position.

TPO 1870, T1 (Oak). Proposal: fell. Reasons: the tree is diseased / dying with large areas of bark rotten and falling off and greatly reduced leaf growth; there is a risk of falling limbs and the tree being blown over onto the neighbouring garden, puplic footpath and highway. Replacement: none, to avoid future damage to the boundary fence by reason of proximity. Refer to photographs T1a and T1b.

TPO 1870, T2 (Holm Oak). Proposal: fell. Reasons: the trunk has a 45 degree lean and is at risk of toppling onto the house; the tree is hard up against the boundary wall and is causing ground heave and significant cracking and destabilisation of the wall; the amenity value of the tree has been greatly diminished by harsh and unsympathetic surgery prior to the current ownership. Replacement: none, to avoid risk of damage to the boundary wall and to the house. Refer to photographs T2a and T2b.

TPO 1870, T3 (Oak). Proposal: fell. Reasons: the tree is close to the boundary wall and less than 3m from the neighbouring house; there is a high likelihood of a future claim for damage to both the wall and the house due to ground heave or falling limbs; the amenity value of the tree has been greatly diminished by unsympathetic surgery prior to the current ownership. Replacement: none, to avoid future damage to the boundary wall and neighbouring house by reason of proximity. Refer to photograph T3.

TPO 1870, T4 (Oak). Proposal: retain with light crown pruning of selected branches to improve the overall shape of the tree, removal of dead limbs. Refer to photograph T4.

All work to be carried out by a qualified tree surgeon.

6. Tree Ownership

Is the applicant the owner of the tree(s)? (•) Yes ( ) No

7. Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:
(a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent. ( ) Yes (•) No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

8. Trees - Declaration

I/we hereby apply for planning permission/consent as described in this form and the accompanying plans/drawings and additional information. I/we confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them. ☑

Date (cannot be pre-application) 24/10/2021
