Mr and Mrs King
25 Atlantis Avenue, Crookhorn, Waterlooville, Hamsphire, PO7 8AX

DESIGN & ACCESS STATEMENT

Design

The reason for the extension is sadly not a pleasant one; Mrs King who is registered as disabled has an incurable neurological disorder that has similar physical effects to motor neuron disease. As such, Mrs King is in need of a downstairs WC and shower facilities in order to increase her quality of living.

Careful consideration has been made to the design of the extension so as not to impact greatly on the row of houses and since 25 Atlantis Avenue is a corner plot then the style of the property is already different to the others by having a side aspect. Building materials such as bricks, windows, roof tiles, doors and the like will match the existing in terms of colour, finish and texture.
