To Whom It May Concern,

SITE WASTE MANAGEMENT PLAN FOR APPLICATION FOR CHANGE OF USE TO CLASS A2 (FINANCIAL AND PROFESSIONAL SERVICES)

This application is for change of use only and our client will not take a lease on this unit without consent for A2 use. As such we have not produced a ‘site waste management plan’ as there are no further proposals or operational development planned at this stage. However, our client is aware that any additional works may be subject to separate application.

Yours faithfully
