Dear Sir/Madam,

Proposal: Proposed single storey rear extension to dwelling and new dropped kerb access.
Proposed single storey extension to existing outbuilding to create 1 bed annex accommodation.
Site: Warfield Crescent, Waterloooville, PO7 7JP.

Thank you for your correspondence dated 09/09/2024, please see our comments below regarding the above application.

The development site is not located within Southern Water's statutory area for water supply/wastewater drainage services. Water for this development is provided by Portsmouth Water.

From the information received, we can see no evidence of the applicant using the existing wastewater connection and Surface Water scheme.

If this is the case, Southern Water will need to be informed. If the applicant is proposing to use a new connection, Southern Water will require a formal application for a connection to the public sewer to be made by the applicant or developer. To make an application visit Southern Water's Get Connected service: <https://developerservices.southernwater.co.uk> and please read our New Connections Charging Arrangements documents which are available on our website via the following link: <https://www.southernwater.co.uk/developing-building/connection-charging-arrangements>

We request that should this planning application receive planning approval, the following informative is attached to the consent: Construction of the development shall not commence until details of the proposed means of foul sewerage and surface water disposal have been submitted to and approved in writing by the Local Planning Authority in consultation with Southern Water.

For further advice, please contact Southern Water, Southern House, Yeoman Road, Worthing, West Sussex, BN13 3NX (Tel: 0330 303 0119).
