Dear sir/madam

Site Address 19 Kennedy close, Waterlooville PO7 5NY

Re your letter 07 June 2011,

1. The words 'single storey extension' I assume you have submitted as it is in your letter.
2. Agricultural Holdings certificate enclosed
3. There is no change at all to the boundary walls, the only alterations are as shown on the plans.
4. Roof plan as drawing
5. Windows are now marked on the plans and the garage door also. The area to the right of the garage door is open and currently is a car port. This is not going to change in any significant way other than being renewed.
6. The site is level.

The only significant alteration is the overall height of the glass dome roof, the flat roof would be simply renewed, incorporating additional insulation, which increases the height of the flat roof.

I believe that a site visit will clearly show that this minor alteration will clarify any other outstanding issues. Should there be any other queries, would you please call me on 07768 894213 and we can discuss, as the project has been delayed as I was away last week and further written correspondence would obviously delay things further.

[redacted]
David Parratt
