Heritage Statement for:

20 South Street, Emsworth

The proposed works:

The works have all been annotated on the plans submitted (Drawing, 9115/1008). The works include:

Existing Wall

The existing wall is unsafe and needs to be removed. The contractor will take great care during the removal of the existing wall and also during the construction of the new wall. Any damaged areas will be replaced as existing.

On all areas the contractor is to take great care on the execution of the works so no further damage is caused to the building.
