Dear Sir or Madam,

Re: Change of Use Application at 13 St George's Walk, Hambledon Road, Waterlooville

This application is for a change of use from existing first floor, vacant, offices to a one bedroom flat.

The building was constructed in 1962 as a shop and office with a first floor flat. The first floor flat was used for residential purposes until 1971, when it was then converted for use as offices by J. Edwards Builders and Funeral Directors, the building section of the Company has since ceased, although J. Edwards Funeral Directors still operate from the ground floor and from the lower ground floor. The offices on the first floor have remained empty for four years although they have been actively marketed as offices to rent.

It is felt by the applicant that a better use of the building could be made, if permission were given, for returning the first floor back into residential use.

Yours faithfully,

[redacted]

Jane Mottershead.
