CAUTION: This email came from outside of the council - only open links and attachments that you're expecting.

Good morning Michael,

Thank you for your email.

T2 + T3 are outside of the TPO group shown on GIS map.

T1 is a Sycamore and is not in the location of the Pine tree (T6) on GIS map.

I have used your map from the Portal to locate the trees in application to help (Dashed yellow circles).

If outside the TPO's it may have to be turned into a Conservation Area application instead.

Please let me know how I can help with validating our application.

Kind regards

Andy
