Details of the pre-application advice received

After previous failed planning permission attempts to construct a garage in a different location (see reference location), advice was given from the planning officer to construct the garage in or around the car port area.

Issues with previous applications were primarily the garage was too far forward in front of the property and neighbouring property's in Monkwood close.

Making the garage attached to the house in place of the car port has been deemed more preferable as it may not extend beyond the building line to such an extent.

- (a) a member of staff  
(b) an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
