

FAO: Arleta Miszewska

Thank you for consulting HCC Countryside Service on this planning application. We commented recently on the wider flood defence scheme proposed under application APP/25/00162, raising no objection and noting the Service's involvement in previous discussions with the applicant and Hampshire Highways about the works proposed.

Our position remains the same for this application, no objection.

Kind regards,

Peter Miles

Countryside Planning Officer

Hampshire Countryside Service
