Dear Ms Owusa Ansah,

Planning Application APP/25/00071 Land Forming part of, Northney Farm, St Peters Road, Hayling Island

Thank you for your consultation regarding the amended layout. I would refer you to my previous consultation response, dated 127th February, which I would reiterate.

I would also like to take this opportunity to clarify that where, in my previous consultation response, I recommended that a Heritage Statement is submitted, rather than a full desk based assessment my intention is that the applicant should 'satisfy the planning authority' with some well informed pertinent statement regarding the archaeology, that the archaeological issues are understood and the manner in which they will be addressed is set out. Much of the archaeological context has been provided in my consultation response but the planning authority should be in a position to make an informed determination and the applicant must provide sufficient to inform that decision,

Yours sincerely
