

Dear Mrs Miszewska,

Planning Application APP/25/00182 Royal Oak, 19 Langstone High Street, Havant, PO9 1RY

Thank you for your consultation. I would draw your attention to the submitted Heritage Statement that addresses the wider FCERM. The works subject to this planning application are addressed within that report under Frontage 5. Paras 4.15.2 - 6 acknowledges that in light of the available archaeological evidence in the vicinity some archaeological potential exists. Para 6.7.3 indicates that the proposed groundwork elements of Frontage 5 will comprise of sheet piling (during which there is no opportunity for archaeological observation) and a concrete apron (which will be within the made ground and therefore recommends that no further archaeological mitigation is required. I would concur and on that basis would not raise any archaeological issues.

Yours sincerely

David Hopkins
