Dear David,

Thank you for your letter dated 28 March 2025, re-consulting us on the revised plans/documents for the above planning application.

National Highways has been appointed by the Secretary of State for Transport as strategic highway company under the provisions of the Infrastructure Act 2015 and is the highway authority, traffic authority and street authority for the strategic road network (SRN). The SRN is a critical national asset and as such National Highways works to ensure that it operates and is managed in the public interest, both in respect of current activities and needs as well as in providing effective stewardship of its long-term operation and integrity.

In case of this development proposal, our interest is in the A27.

We reviewed additional information available on your planning portal and note that revised plans/documents were provided as a result of comments, made by the local highway authority.

We have therefore no further comments to make over and above those provided in our response dated 31 January 2025 (attached for convenience).

Regards

Mrs Beata Ginn
