For attention of Josephine Lacey

Dear Madam,

Proposed porous hard and soft landscaping improvements to enable EV charging to the existing grass driveway within the Langstone Conservation Area. | 2 Towers Garden, Havant, PO9 1RZ

The applicant proposes the provision of porous hard and soft landscaping improvements to enable EV charging at the frontage of the application site. There is an existing dropped kerb allowing access and egress to the public highway and the applicant does not propose any alterations.

Recommendation

The Highway Authority raise no objection the proposed development subject to the imposition of a suitably worded condition to ensure drainage is provided to prevent water runoff onto the public highway.

Yours sincerely,

Michael Okubajo
