Dear Joseph,

Thank you for reconsulting Sport England on the further details relating to the proposed sports lighting.

I am afraid however having consulted with the LTA again they are not satisfied and are asking for more information. The LTA comments that the lighting information still does not contain a data pack showing the lux levels, lighting grids and uniformity court by court. The report says it meets the standards but there is no detailed information to review.

Please can this be provided.

Many thanks

Owen
