

Subject: APP/23/00996 - 56a East Street, Havant [Filed 08 Jan 2024 12:10]

Good morning Lesley,

I am emailing regarding the above planning application that you are the case officer for.

We received confirmation last week that the application was validated from 9 November and the determination deadline was 4 January 2024. As this deadline has passed, would a 4-6 week extension of time be agreeable?

I also note that the site location plan, existing site plan and proposed site plan are missing from the online application page which were submitted with the application via the Planning Portal, I have re-attached these drawings for your records.

On review of the ecology consultee response, the proposed site plan should respond to the comments raised. I can also confirm that we are not proposing lighting for the MUGA as shown on the proposed site plan. If there is anything else that needs addressing then please let me know.

Kind regards,

Emily

Good afternoon Lesley,

I am emailing regarding the above application, following my previous email in the email chain below.

The attached application drawings that were submitted with the application are still not showing on the online application page. We note that there are now a few consultee comments querying these drawings and have been unable to comment fully including ecology (as set out below), crime prevention and countryside access.

Could you advise if these drawings can be uploaded onto the online application page and forwarded to the consultees?

Are you also able to advise on our query below relating to the extension of time for the application?

Any questions then please let me know.

Kind regards,

Emily

EMILY E JOHNSON MRTPI
