Dear Mr Riley,

6 Havant Road, Hayling Island, PO11 0NZ

Extension of dropped kerb

Thank you for your consultation on the above planning application. The Highway Authority wish to make the following comments.

The applicant is proposing to drop a c. 3.60m length of the kerb to provide full vehicular access to the dwelling. It is noted that that this would provide a full length of dropped kerb at c. 25.0m. Whilst a dropped kerb of this length provides concerns on the impact on pedestrian safety due to loss of appropriate mitigation between vehicle users and pedestrians, given that there are already dropped kerbs present and that the applicant only proposes to drop 2 full-height kerbs, on balance, the loss of these additional kerb would not be considered to have a detrimental impact on highway and pedestrian safety in this instance.

Whilst the principle of the provision of the dropped kerb may be acceptable to the Highway Authority on planning grounds, the applicant should be made aware that subject to any planning permission being granted by the Local Planning Authority, a subsequent agreement will need to be granted by HCC as Highway Authority to undertake the drop kerb works on the Highway. Details of this procedure can be found via the following link: [Apply for a vehicular access | Hampshire County Council \(hants.gov.uk\)](https://www.hants.gov.uk/apply-for-a-vehicular-access). It is important to note that if there are any minor utility diversions that are required to facilitate the dropped kerb then additional costs may arise in addition to the initial application fee.

Having regard to the above, the Highway Authority provide no objections to this planning application.

Yours sincerely,

Sophie Osborne
