

Havant Thicket Reservoir (Phase 3 inc.S73 application)
Landscape Environment Management Plan (LEMP) - version July 2024

I object to a number of the revisions made to the LEMP version July 2024 submitted in support of the Phase 3/ S73 planning applications. Key objections/concerns are summarised below and set out in more detail in the feedback that follows on specific figures and text.

Not sure if you consider the Revised LEMP to be part of the Phase 3 application or part of the original application outline consent reserved matters?

Phase 3 – HBC APP/24/00311 EHDC 51680/11

S73 - 3 – HBC APP/24/00312 EHDC 51680/12

Outline consent: HBC APP/20/00990 EHDC 51680/009

Kind regards
