Thank you for consulting me on this application.

Condition 24 Waste Bins

The amended plan shows a number of additional dog waste bins around the north of the site, as well as those previously included. This seems a more sensible situation and I have no further comments.

Condition 21 Lighting

I cannot see any additional information on lighting. Of the two apparent lighting submissions, one document (EVO327003-AC-001) shows the location of columns. The other refers to water consumption from sanitary appliances.

If you have any queries, please don't hesitate to contact me.

Kind regards,

Tristan
