Subject: RE: Planning Application APP/22/00818 Former site of Forty Acres, Havant Road, Havant

Hi Leanne,

I have had a look at the documents submitted, and have the following comments:

- 1) For the mitigation we need a copy of the original/approved nutrient budget from the original application which shows the amount of kg/N the site provides.
- 2) We need a letter from Barratts confirming that they have not used the excess nutrient for any other schemes within the water catchment for Budds Farm
- 3) The nutrient budgets submitted for this application shows different previous land uses is this correct?

Hopefully that makes sense, any questions or queries please let me know.

Thanks,

Gill Glover
