

**Planning Application APP/22/00439 The South Downs College, College Road, Purbrook,
Waterlooville, PO7 8AA**

Dear Ms Miszewska,

Planning Application APP/22/00439 The South Downs College, College Road, Purbrook,
Waterlooville, PO7 8AA

Thank you for your consultation regarding the revised details submitted, which includes a revised archaeological desk based assessment. I note that my previous consultation response is noted by the desk based assessment (para 2.8) and the response to it has been articulated in paras 6.3, 6.12 and 7.7. These indicate that there are practical design impediments to fully reflecting the alignment of the Roman road, but that tree planting, surface treatment and an information board will seek to draw out the line of the Roman road in places within the development.

I recognise that whilst the intention to reveal the line of the Roman road might not always be practicable I am pleased to note that some reference will be made and that an information board revealing the significance of the alignment will assist. In light of this I am happy to withdraw further archaeological concern on that point,

Yours sincerely

David Hopkins
