1. INTRODUCTION

1.1 Planning Background

1.1.1 Havant Borough Council decided that the excavation of seven geo-technical test pits might damage archaeological remains and therefore required an archaeological watching brief to be carried out during the groundworks. Stephen Appleby, Hampshire County Council Senior Archaeologist (HCCSA) acted as advisor to the council.

1.1.2 Jubb Consulting Engineers Limited, who carried out the test pitting, appointed SAS to undertake the watching brief. A written scheme of investigation was prepared by SAS on behalf of the clients, which was approved by HCCSA.

1.2 Site Description

1.2.1 The development site comprises part of a small stream that flows from west to east and joins the Hermitage Stream at Bedhampton from where it issues into Langstone Harbour. It includes the northern slope of the valley but only extends as far as the northern foot of Portsdown Hill. The site is bounded to the northeast by Scratchface Lane, to the northwest by the campus of South Downs College, to the west by College Road, to the southwest by Portsmouth Golf Course, to the south by the northern slope of
