Dear Sir/Madam,

Reference Planning Application APP/22/01182. 4 Privett Road, Purbrook.

Thank you for your letter dated 2nd May 2023 regarding the above, inviting comments on updates and comments added to the Planning portal on 24th April 2023.

The Response Document to Objections unfortunately still contains incorrect 'assumptions' so fails yet again to apply data where appropriate correctly.

'REVISION 5 AMMENDED DAYLIGHT AND SUNLIGHT ASSESSMENT' for the same reasons as already given under 'OBJECTIONS' is similarly still flawed.

I find it strange that the previous revisions to that document were notated as Superseded but this latest is 'REVISION 5' so what happened to the other two?

It is a pity that the professional parties supporting this application appear not to be co-ordinating their work, as the plans now included with Rev 5 of the said Daylight and Sunlight Document produced by herrington consultants limited are out of date. These were revised/corrected by Thorns Young Architectural on the 25th January 2023 and published to the Planning portal as Revision 5072:21: REV E. There is I note, no change to the date in the 'date drawn box' on the plans stating that a revision had been made. This would be the usual practice in any Professional Architectural Practice or any other Drawing Office to obviate such mistakes being made.

All other of the previous objection/comments made I consider appropriate and correct.

Yours faithfully,
