[Redacted text]

Since the refusal of Havant Council planning permission my wife and I have had our hair cut by Mrs Beasley every month. We receive a phone call 20 minutes before our appointment notifying us that Mrs Beasley's drive parking is empty and available for us. At no time has there been another car using Mrs Beasley's drive. At no time were we obliged to park in the road. At no time did we ever see another customer leaving or entering the premises. The saloon is in the back garden. There was no noise.

Mrs Beasley runs a highly efficient and hygienic saloon offering a service for selected customers, some who cannot attend a high street Saloon.
Her business is definitely an asset for us and others.
We have never seen any disruption to the peace and tranquillity of any of the neighbours.
