Comments

Thank you for consulting the Environmental Protection Team on this application. Please accept this email as confirmation that we do not have any objections.

The limited scale of the development and restriction on hours and days of the week of operation makes this a low-risk operation in terms of potential noise impacts, including noise from dog barking. However, if external plant is required (none noted on the proposed plans) then this may require planning permission. As this is a residential area, I recommend the following conditions are attached if permission is granted,

- 1) Restrict days and hours of operation to between Monday to Friday 0800 1800 hours only.
- 2) Bookings conducted via prior appointment only.
