Good Afternoon

I can confirm that Portsmouth Water have completed a full survey and modelling of the existing water network and no additional water mains were required. The site supply is connected to an existing part of the network and local residents will not be affected by the additional demand.

Kind regards
Frankie

Subject: [EXTERNAL] Sinah Lane -New Mains

Hi,

I have received a question from a resident regarding the new development at Sinah Lane, Hayling Island (Pebble Walk). They have asked if a new offsite water mains will be required as the existing network is fully committed.

Please can you confirm if an upgrade is required and if so when this is likely to take place.

All the best,

Katie Bone
