Dear Ms Wells,

Brockhampton West, Harts Farm Way, Havant

Outline application for the development of new employment units to provide up to 29,000 sq m (gross internal area) for flexible use across use classes E (light industrial), B2 and B8 with ancillary offices, car parking, service yards, drainage works, landscaping and associated works to prepare the site for development. All matters are reserved except the means of access to the site.(16.06.22). Request to discharge condition 15 and partial discharge of conditions 13 and 17 (24.10.22). Request to discharge condition 19 (29/11/2022). Request to discharge condition 12 (23.5.23).

Thank you for the reconsultation on the application. Additional information was submitted to the Planning Authority dated 1st June 2023 on the planning portal. This information the Highway Authority had sight of ahead of responding to the previous consultation requesting additional information. Therefore the position set out in the response dated 10th March 2023 still stands. The Highway Authority remain open to engagement with the applicant directly to establish the full evidence base required to ensure an appropriate design is achieved, these discussions should be had alongside National Highways to ensure both Highway Authorities are content with the final design.

I trust the above is clear, if you wish to discuss the application further please do not hesitate to contact me.

Director of Hampshire 2050
Gary Westbrook

Yours sincerely,

Holly Drury
