Ref: Havant Scoreboard Installation

Gordon Bremmer
Facilities Director
Havant Rugby Club, Hooks Lane Ground
Fraser Road
Havant
Hampshire
PO9 3EJ

Dear Gordon,

Havant scoreboard proposal/installation

Thank you for your recent proposals for the installation of the current scoreboard and it's proposed new placement on top of the Rugby365 container.

In principal the RFU supports the new installation based on the specification documentation sent on 28th July (appendix 1).

As part of the RFU support we request that:

- Installation of the scoreboard is completed by a qualified and certified electrician with completion certification provided to the RFU confirming conformity.
- Any repairs or maintenance to the scoreboard continue to be a responsibility of Havant Rugby Club.
- Any repairs or maintenance required to the container as a result of the repositioning of the scoreboard to be the responsibility of Havant Rugby Club. This includes any items within the container.
- The scoreboard be available to use for any RFU organised bookings and events that take place free of charge.
- The scoreboard be available to use for RFU customers of the AGP at a reasonable charge
- The scoreboard and electrics are inspected and serviced as per the statutory requirements.

Yours sincerely

Matthew Wale
Facilities Operations Manager – South
