

Thank you for consulting the Pollution Team on the above condition discharge application respect to artificial lighting (Condition 12) from APP/21/00814. The condition reads as follows:

Condition 12:

No above ground construction works (other than works of demolition) shall commence until plans and particulars specifying the provision to be made for external lighting of the same has been submitted to and approved in writing by the Local Planning Authority. There shall be no external lighting on the site other than as thereby approved.

Reason: *To safeguard the amenities of the locality and in the interests of traffic safety and having due regard to policies CS16 and DM10 of the Havant Borough Local Plan (Core Strategy) 2011 and the National Planning Policy Framework.*

Having reviewed all the submissions on the council's planning portal in relation other condition discharge applications. I found nothing relating to the above condition (External lighting). Therefore, condition 12 cannot be discharged at the present time.

Once the supporting information is submitted, I will be happy to review my comments again.

Regards
