Subject: Planning application 23/00471 Blue Star site

CAUTION: This email came from outside of the council - only open links and attachments that you're expecting.

Good afternoon,

I'm writing on behalf of Newlands Parish council regarding a planning application which affects our MDA. I believe your reference for the application is 23/00471. We have raised a considered objection to this with Winchester city council and as it affects both HBC and WCC would very much like to see a meeting of the Joint Planning Committee take place as soon as possible.

The council also wishes to object to the application due to the increased traffic flow in the area, in particular to Laxton Leaze where parking and traffic flow is already heavy.

A copy of our response to WCC is detailed below:

The Parish Council of Newlands wishes to raise a CONSIDERED OBJECTION to the application. The council feels this is application is a prime example of a matter which must be considered by the Joint Planning Committee. This is because both authorities (WCC/HBC) are affected by the application. The Parish council also wishes to OBJECT due to the problems which the increased amount of traffic will cause, especially effecting Laxton Leaze, where parking will also become increasing difficult. Impact will also be felt on the surrounding roads, including increased traffic to the already heavily used, Asda roundabout.

****Please could a meeting of the Joint Planning committee be convened at the earliest convenience. Please note copy of these comments will also be sent to the planning dept at Havant Borough Council.***

We very much look forward to hearing back from the planning team regarding this matter.

Many thanks and kind regards,

Karen Seear

Clerk to Newlands Parish Council
