Dear Mr Sadler,

Planning Application APP/20/00761 Land on the east side of Helmsley House, Bartons Road, and west of Normandy Road, Havant.

Thank you for your consultation regarding the archaeological conditions attached to the planning permission issued. Archaeological concerns were raised due to the proximity of a Roman site whose extent was unknown and seemed likely to extend into the present development site. The applicant has submitted the results of an archaeological evaluation (as secured by condition 15) and I have now had the opportunity to read that report.

The archaeological evaluation did not encounter any archaeological remains suggestive that the Roman site extends into the development site and as a result I would not raise any further archaeological issues. On that basis I would not raise any archaeological objection to the discharge of any of the archaeological conditions (15, 16 and 17).

yours sincerely

David Hopkins
County Archaeologist
