

APP/21/00838 - 50 Sandy Point Road

Sorry Lesley I thought I had already responded to this.

I have no land drainage observations.

I think we need to agree the reverse of what we do in Waterlooville where everything in a specific area comes to me for review and occasional response 😊. These sorts of areas, on Hayling especially, will in truth fall under Coastal Partners to respond as the flood issue is from the sea rather than 'land drainage'.

Best wishes

Steve Mountain
