**Town and Country Planning (Development Management Procedure) (England) Order 2015
Discharge of Conditions Application**

Application Number: APP/19/00619

Site Address: 39 Vian Road, Waterloo, PO7 5TW

Description: Demolition of existing extension at No.39 and construction of 1No. 2 bed dwelling with parking and 1.8m boundary fence.(27.09.19). Request to discharge conditions 3,6,7 and 8 (30.03.20).
[Note: Grampian Condition applies, contact LPA for details]

This decision relates to your request to discharge conditions which was valid from 29/06/2020.

Havant Borough Council as Local Planning Authority hereby APPROVES the submitted application as meeting the information requirements of the following Conditions of Planning Permission APP/19/00619.

The conditions in respect of which information has been submitted are:

Condition 3 b & c:

The development hereby permitted shall not be occupied until:

b) A mitigation package addressing the additional nutrient input arising from the development has been submitted to, and approved in writing by, the Local Planning Authority. Such mitigation package shall address all of the additional nutrient load imposed on protected European Sites by the development when fully occupied and shall allow the Local Planning Authority to ascertain on the basis of the best available scientific evidence that such additional nutrient loading will not have an adverse effect on the integrity of the protected European Sites, having regard to the conservation objectives for those sites; and

c) All measures forming part of that mitigation package have been provided to the Local Planning Authority.

Reason: There is existing evidence of high levels of nitrogen and phosphorus in the water environment with evidence of eutrophication at some European designated nature conservation sites in the Solent catchment. The PUSH Integrated Water Management Strategy has identified that there is uncertainty as to whether new housing development can be accommodated without having a detrimental impact on the designated sites within the Solent. Further detail regarding this can be found in the appropriate assessment that was carried out regarding this planning application. To ensure that the proposal may proceed as sustainable development, there is a duty upon the local planning authority to ensure that

sufficient mitigation for is provided against any impacts which might arise upon the designated sites. In coming to this decision, the Council have had regard to Regulation 63 of the Conservation of Habitats and Species Regulations 2017, Policy CS11 of the Havant Borough Local Plan (Core Strategy) 2011 and Policy E14 of the Pre-Submission Havant Borough Local Plan 2036.

Details submitted:

Nitrogen Budget Calculator received and HRA/AA undertaken and forwarded to Natural England, who agreed, subject to the mitigation package being secured, that this part of the condition may be discharged. The mitigation package for the neutral nitrate development has been secured and Condition 3 b & c are discharged.

Reasons for approval

The details hereby approved are considered to be in accordance with the relevant adopted policies of the Council, in particular the policies contained within the Havant Borough Local Plan (Core Strategy) 2011.

- (1) This notice only relates to the decision of Havant Borough Council as Local Planning Authority under the Town and Country Planning Acts. It does not relate to any other application that may be required under the Building Regulations or under any other Act, Regulation, Byelaw or Order where the Council's approval may be needed. For further guidance as to the need for consent under the Building Regulations please phone 023 9244 6573.
- (2) Any failure to adhere to the details of the approved plans, and other documents or to comply with any conditions listed above may lead to enforcement action being taken by the Council. If you wish to depart from the approved details or conditions in any way you should contact the Planning Development Service at the Public Service Plaza or by telephoning 023 9244 6015.
