Hi Jimmy.

Thanks for this, yes I can confirm that I will be putting a new fence at 1,8 high on the Boundary line, the Cladding will be a cement Board type in Anthracite Grey to match the Windows and will use an off White Render on the external Walls, I have attached some links to the products however the colour may slightly differ as it's difficult to see the exact shade on the web site. if this is a problem I could pop in the merchants and verify? an problem please let me know.

Regards Bob.
