Dear Mr Eaves,

Planning Application APP/22/00850 Land West of Hayling Billy Trail and, Long Island, Langstone Harbour, Havant

Thank you for your consultation regarding the amended details, which I note includes a confirmation by the applicant that the beaches will be archaeologically inspected and a record taken. This is very welcome. I recommend that this is reflected by an archaeological condition attached to any planning permission which might be issued, but would defer to you if you felt such a statement was adequate commitment in its own right (but in which case I would ask that in addition the applicant confirm their intention to send a copy of the results to the Historic Environment Record when the works are complete),

Yours sincerely

David Hopkins
