Your ref: APP/21/00940

Dear Mr. Speller,

Thank you for informing me about this retrospective planning application.

I do not object to the dormer being added to the property but must comment on two aspects of design and appearance:

The windows, whilst no doubt answering the needs of what's inside, look very odd from the outside.

The grey cladding doesn't correspond with the rest of the house and would look better in a cream colour to match the rendering below it.

Thanking you for your consideration
Yours faithfully

Susan Stonier
