Dear Sir/Madam

Re: 1 Oaklands Road: Fell one Lawson Cypress subject to TPO 1122

I like this tree. It adds character to the garden and to the view from my flat, and I enjoy watching birds use it. However, I appreciate that if it is causing danger to the public something has to be done. If it must be felled then another tree should be planted to replace it, or an explanation provided as to why this is not possible. The application does not give any details about this, so I object to it.

Yours faithfully
