CAUTION: This email came from outside of the council - only open links and attachments that you're expecting.

Thank you for consulting us on the amended details.

The drainage information should be updated as the developable area has been significantly reduced and discharge rates should be reduced accordingly. Please advise when the updated drainage information has been made available by the applicant, as the LLFA would need to review this again prior to confirming that we have no objection to the proposals.

Regards

Tom Callaway
