Subject: RE: Planning Application APP/22/01123 Land to the west of London Road bounding the West of Waterlooville Strategic Phase 8 development land

CAUTION: This email came from outside of the council - only open links and attachments that you're expecting.

Thank you for consulting us on the revised details for this application. It is noted that the application is now for the access rather than the access and haul road.

The General Arrangement drawing (GTWIVILLE_P8/GA/103 F) shows that the proposed access will have an adoptable gully draining to a system across the existing road. This is inconsistent with the Proposed Haul Road Drainage drawing (GTWVILE_P8/DR/02) also submitted for this application. It is not clear why the additional haul road SuDS information is included as the application is for the access only. No drainage calculations have been provided for the proposed access drainage. The reduction in site area means that the LLFA may no longer be a statutory consultee for this application.

Please advise if further comments are required.

Regards

Tom Callaway

Notes for Consultees using Consultee In Tray on Public Access

You will be able to access the full range of services on Public Access by using the Consultee In Tray which can be found under the My Profile tab.

Consultee Access allows you to see documentation that is not in the public domain (usually our pre-application enquiries) and saves your previous consultation responses.

If you have not yet registered your details on the website, please follow the instructions online and then email planning.development@havant.gov.uk to allow us to activate your consultee access and if you are experiencing problems with your access please let us know.

We can provide a User Guide on request.
