Hi Denise,

Please find my comments below regarding this planning application.

The Leisure team at Havant Borough Council fully support this application to locate a storage container on the park at Emsworth Recreation Ground.

The proposal will enable continued delivery of physical activity sessions for the community on this site, working to impact on poor local physical activity levels. It is the most appropriate physical structure, location within the park and operational model to ensure safe ongoing provision that does not negatively impact on the other users of the park.

Many thanks
Simon
