- 9 Prior to the commencement of the development hereby permitted a construction and environmental management plan detailing the construction phase management and operation shall be submitted to and approved in writing by the Local Planning Authority.

The plan as a minimum shall include:

- Details of construction parking;
- Storage of Construction Materials;
- Details of storage of excavated materials and their removal from site including details of method of removal, vehicle types and routing;
- Measures to limit impacts on neighbouring residents;
- Measures to minimise the impacts on wildlife using the adjacent area H59E a high use site as identified by the Solent and Waders Brent Goose Strategy including timing of works and details of noise generating machinery.

The construction phase shall be carried out fully in accordance with the construction and environmental management plan as approved unless otherwise agreed in writing by the Local Planning Authority.

Reason: In the interest of the character and amenities of the area neighbouring residents bearing in mind the need for significant excavation on site and having due regard to policies CS11, CS16 and DM10 of the Havant Borough Local Plan (Core Strategy) 2011, policy DM23 Havant Borough Local Plan (Allocations) 2014, the Wildlife and Countryside Act and the National Planning Policy Framework.

Reason: There is existing evidence of high levels of nitrogen and phosphorus in the water environment with evidence of eutrophication at some European designated nature conservation sites in the Solent catchment. The PUSH Integrated Water Management Strategy has identified that there is uncertainty as to whether new housing development can be accommodated without having a detrimental impact on the designated sites within the Solent. Further detail regarding this can be found in the appropriate assessment that was carried out regarding this planning application. To ensure that the proposal may proceed as sustainable development, there is a duty upon the local planning authority to ensure that sufficient mitigation is provided against any impacts which might arise upon the designated sites. In coming to this decision, the Council have had regard to Regulation 63 of the Conservation of Habitats and Species Regulations 2017, Policy CS11 of the Havant Borough Local Plan (Core Strategy) 2011, and Policy E14, EX1 and E12 of the Pre-Submission Havant Borough Local Plan.
