Dear Mr. Weaver,

Planning Application APP/21/00814 Development site, 5-7 East Street, Havant

Thank you for your consultation. The submitted archaeological evaluation report, which I endorse to the planning authority, details the results of archaeological investigations at the above site. Although archaeological remains were identified in a limited area of the site, it has been agreed that these will be protected from the piling and groundworks, to be left in situ. On this basis, no further archaeological work will be required.

Therefore, I recommend that conditions 5 and 6 can be discharged.

Yours sincerely,
