Development Consultation Forum – Proposal Feedback Form

Site Address: Land North of Long Copse Lane (17th April 2018)

Please record below any issues or questions that you feel should be brought to the attention of the developer and the planning authority prior to the submission of an application (continue overleaf if necessary).

We strongly object to the development. It is in a completely the wrong place - loss of green space and previous breeding space for bats that cannot be replaced. This area is already getting very congested with traffic. Salisbury Road a dangerous road near new estate off Hornden Road. Poor Watborne is a nightmare to drive through and the extra traffic that will go there via Long Copse Lane will be just awful and again dangerous - it will become a rat run to Chichester.

Your feedback is greatly appreciated.

You may complete this form at the meeting or up to 5 working days following the Forum. Please email planning.development@havant.gov.uk or post to Planning Services, Havant Borough Council, Public Service Plaza, Civic Centre Road, Havant PO9 2AX. Thank you.
