Hi David,

Apologies for the delay in getting back to you.

The link between the new flats and the car park was considered through planning and, as you note, a crossing point will be provided between the two.

Regarding the general environment, we are content that the surrounding area is suitable, as agreed at planning. Detailed matters such as street lighting will be addressed through the S278 process so this matter does not need to be considered further at this stage.

Kind Regards,

Chris Hirst
