I am replying to the letter sent to me on the 17 Jan 2023 reference increased hours of the hairdressingsaloon.

I standby my last statement and would like to add some more.

Since the refusal of there last application for increased hours they have not been keeping to the terms andconditions imposed on them by the planning permission.

The hours have increased with the saloon closing 1 to 2.5 hours past the 18.00 hours as in the permissionto trade.

We also are getting customers parking in the road (across the pathway out side number 11 and on thegrass verges)again causing problems to the residents of the street.
