Dear Sir,

110 Southleigh Road, Havant, PO9 2PS

Proposed first floor rear extension and new attached double garage. Altered vehicle access to property. (Resubmission).

Thank you for consulting the Highway Authority on the above application.

The applicant is seeking planning permission for a first floor extension, double garage and new vehicular access onto Southleigh Road. The proposed block plan appears to indicate that the dropped kerb will be located over the existing dropped kerb access to properties to the rear of the site. The applicant is required to specify the details of the access, including the proximity to the existing dropped kerb, to understand whether any separation will be applied between the two.

The applicant should be made aware of the requirement for a Section 184 licence to implement the dropped kerb, should planning permission be granted. Further details of the requirements under this licence are available via the following link:
<https://www.hants.gov.uk/transport/parking/droppedkerbs/droppedkerbchecklist>.

Further information is sought from the applicant on the points raised above before the Highway Authority can make its formal recommendation.
