

YOUR REF: PLANNING APPLICATION – APP/20/00831
LETTER DATED – 06 NOVEMBER 2020

The following comments are forwarded for your consideration:

Plan issue G.

The existing side elevation still shows the original porch, which has long since been enclosed.

The window (front first floor) has already been fitted and is different from that shown on plan.

The chimney is shown at full height but has been removed to soffit level.

The cladding has already been fitted.

The rendering of front wall has already been done.

The planning application PP-08832848 sect. 5 (materials) still states 'New dormers to receive tile hanging to match roof tiles'. No mention of cladding.

Taken together with comments already submitted for APP/20/00831, this additional information does nothing to address those concerns, re

Highway safety and traffic

Design, appearance and layout

Effect on daylight, privacy and outlook.
