

J. BRINE
FLAT 30 NORFOLK HOUSE
1 OAKLANDS ROAD
HAVANT. PO9 2RD
26th January 2022

MS. M. STEWART
TOWN + COUNTRY PLANNING
HAVANT BOROUGH COUNCIL.

DEAR MS. STEWART.

REF. APP/21/01429- FELLING OF LAWSON CYPRESS

I write to submit and express my views on the above proposal. The tree in question is positioned directly outside my lounge window and is now spreading over my bedroom window. It plays a large part in my day to day living. Especially as it blocks out light from my flat, and with energy prices rising its going to cost me a lot more for electricity.

The tree itself is very tall, misshapen and when its windy sways quite badly. I'm concerned about it falling onto the building causing extensive damage. The trunk is making the garden wall crack and will need repairing. Also the pavement outside is very uneven due to the tree roots. Which could cause serious injuries to

a pedestrian.

I very much hope you will take into consideration my views and I would be happy to discuss them further.

Yours Sincerely
Joan Birch
